

4. How to access Foldr from home

Access to the student shared area and revision resources for 2020 are stored on the student shared area. You can access this from home using Foldr.

1. Login to foldr with your normal username and password by typing foldr.arrowvaleacademy.co.uk into the top bar on your internet browser. (You will also find a shortcut to Foldr on Frog if you find that easier).

2. You will be greeted by the screen below, navigate to AVA Student Shared > REVISION 2019

From there you can navigate to the subject you want to revise and download resources onto your computer or tablet device.
